

On the Shores of the Great Sea (Yesterdays Classics)

Book I in The Story of the World series, by M. B. Synge, On the Shores of the Great Sea focuses on the civilizations surrounding the Mediterranean Sea from the time of Abraham to the birth of Christ. Brief histories of the Ancient Israelites, Phoenicians, Egyptians, Scythians, Persians, Greeks, and Romans are given, concluding with the conquest of the entire Mediterranean area by Rome. Important myths and legends that preceded recorded history are also related. Suitable for children ages 9 and up to read to themselves and for children as young as 6 as a read-aloud. The Story of the World series, by M. B. Synge, comprises a set of five volumes, written at a middle school reading level, that cover all major events in the history of Western Civilization, from earliest recorded history to the close of the nineteenth century. With fifty or so short chapters in each volume, the series links the great eras in time and place together by a chain of stories of individuals who played principal parts in the events related. While statesmen and military commanders figure heavily in the narrative, stories of explorers, scientists, artists, authors, and religious figures are also presented. The author writes in an engaging fashion, using dialog frequently to bring scenes to life. She juxtaposes events happening at the same time in different parts of the world in a style reminiscent of the books of Genevieve Foster.

This series is an excellent introduction to world history for adult readers as well as for children.
