

That Book Woman

Cal is not the readin type. Living way high up in the Appalachian Mountains, hed rather help Pap plow or go out after wandering sheep than try some book learning. Nope. Cal does not want to sit stoney-still reading some chicken scratch. But that Book Woman keeps coming just the same. She comes in the rain. She comes in the snow. She comes right up the side of the mountain, and Cal knows thats not easy riding. And all just to lend his sister some books. Why, that woman must be plain foolish -- or is she braver than he ever thought? That Book Woman is a rare and moving tale that honors a special part of American history -- the Pack Horse Librarians, who helped untold numbers of children see the stories amid the chicken scratch, and thus made them into lifetime readers.
