

## This Is Figure Skating

In this playful introduction to the world's most rapidly growing sport, very young children learn about figure skating. From boot, lace, and skate to figure eights and serpentine, preschoolers will experience the thrill of the ice as two skaters spend a fun-filled (and sometimes bumpy) day at the rink. Margaret Blackstone's pithy, declarative sentences, and John O'Brien's bright, happy illustrations will score a winning Six with aspiring young figure skaters.
