

Pyramids

From the ancient ziggurats of Mesopotamia and the steep pyramids of the Maya to the modern wonders of today, the engrossing text and beautifully detailed pictures of Pyramids provides a through historical overview of all types of pyramids.

This meticulously illustrated reference also reveals how these awe-inspiring structures were constructed, what was kept inside them, and why they were so important to the different societies that produced them. An illustrated glossary and index help make this an even more enjoyable and easy-to-use reference.
