

Rules in the Library (School Rules)

The library is a place of learning, and its important for young readers to know what they can and cant do among the stacks. Learning to keep quiet, be polite, and ask librarians good questions can help readers get the most out of their school or public library. Through accessible text, early readers will love discovering how to find their favorite books and what they need to do to make sure their trip to the library is a productive and pleasant one.
