

The Magic Soccer Ball: Rules of Soccer

As the Soccer Field, the second book (The Rules of Soccer) teaches the law of the game on a fun way with wonderful pictures to make you more interested in learn it. The Magic Soccer Ball comes with attractive and detailed illustrations and text. The book teaches the rules of soccer. The illustrations again emphasize points that children would not understand by only reading about the rules or purely reading instructional books. I hope that especially youth players learn with Rone and that it reflects in the soccer field to improve their game of soccer. Illustrated by Emilio Carrillo and Maria Fernanda Sambuceti
