

Loti and the Storm: a surfing fable

As surfers we position ourselves on a great divide, the edge of the Earth. Its a special place where the ocean meets the land, another world full of raw energy and amazing sights. We get to ride that energy and have a front row seat to the greatest show on Earth.

Loti had always been fascinated by the ocean. He loved to watch the wind and waves. Angelos first wave was something he would never forget. The sensation was enough to keep an interest in surfing forever. One almighty storm brings a stranger to the shores of a remote South Pacific island. The small village of Navou would never be the same again. Loti and the Storm is light hearted fable about Surfing, Sailing, the Ocean, Friendship and Adventure.
