

## A Different Book

The kids book without pictures! Who says a kids book needs pictures to be fun? A Different Book delivers a fun, colorful, interactive way to read a traditional book. The message is - its fun to be different. Beyond the message, you can also help your child learn to follow directions while reading the book in a unique way. It does get tricky, which is the fun part. The physical end of the book is really the middle and the end of the reading is found in the middle. \*Spoiler alert\* there is an upside down flip. Check out the authors page to see a video of a reading (just click on the authors name under the title at the top of the page).
