

The Speed Trail: A Feathers, Fur And Frogs Hair Adventure

The inspiration for this book was the enjoyment I get from reading to my two little girls every night. My life around the authentically passionate people in motorsports collided with cute fluffy animals, princesses and fairies after my girls were born. So, the idea of Feathers, Fur and Frogs Hair Adventures was born. This is a childrens adventure story about little woodland and wetland animals that work on race cars. Robin is a bird who happens to know a lot about fixing race cars and enlists his woodland and wetland buddies to help him. They emanate the qualities of the people who appreciate motorsports in real life: competitive spirit, teamwork, tradition and conservation. This is an essential reading for anyone who wants to know the real reason race cars go fast!!! Also available at Amazon.com.
