

For the Sake of Hugh Manatee

For the Sake of Hugh Manatee â€“ Maddie and Hughâ€™s BIG Adventure, by Pete Hodgson and Dr. Udo Wahn, the author of the Cabo and Coral book series, and art by Ron Croci is available for purchase at <http://www.ForHughManatee.com>, Amazon.com and the gift shop at the Ocean Institute in Dana Point, CA. The inspiring story and beautifully illustrated book is geared for children between the ages of four and nine, and will compel children and families to take action for clean water. For the Sake of Hugh Manatee tells the story of a little girl named Maddie and her friend Hugh, a manatee, as they discover the importance of keeping a healthy and clean water environment â€“ valuable lessons that they learn at the Maddie James Seaside Learning Center. Together, they paddle upstream with their newfound knowledge and experience some of the problems affecting the watershed that are adversely impacting the ocean and its life forms. The story begins at the Maddie James Seaside Learning Center, at The Ocean Institute, Dana point, recognized for its hands-on marine science, environmental and ocean education and maritime history programs. The Center is named in memory of five-year-old Maddie James, who passed away due to an inoperable brain tumor in 2011. Maddie loved the ocean and considered the Ocean Institute her favorite

place to visit. Kajsa James, mother of Maddie James, also contributed to the creation of the story. Partial proceeds of the books sale will be donated to the Maddie James Seaside Learning Center. “Maddie James continues to cast a spell on all of us about her dream to save the oceans.” Wyland, Marine Life Artist and Conservationist “A fantastic tale of adventure and learning right from the start. A fun filled, exciting and funny story for children that is full of important environmental and educational facts. The world needs more books like this.” Taylor Jensen, two-time ASP World Longboard champion. “This book is of gigantic importance for our planet. It is a wonderful and engaging book that will teach our children how to help save our oceans and water sheds.” Linda Benson, World and US champion, International Hall of Fame. “This book is absolutely a treasured learning resource.” 5 STARS Reader’s Favorite Book Review. Michelle Robertson.
