

Ralph Masiellos Ancient Egypt Drawing Book (Ralph Masiellos Drawing Books)

Emerging on the fertile banks of the Nile River over five thousand years ago, ancient Egypt was a place of mummies and pharaohs, pyramids and temples--a place that sparks the imagination. Young artists can dive into the underworld with Anubis, jackal god of the dead; creep past a sentinel sphinx with the body of a lion and the head of a falcon; bow down to the beautiful Queen Nefertiti; or give praise to the murdered god Osiris, all while learning to draw the symbols of the mysterious and ancient civilization of Egypt. Step-by-step instructions help young artists create their own representations of this incredible culture, and annotations throughout the book provide a glimpse into the history and mythology of ancient Egypt. Bonus steps provide ways to customize drawings with historically accurate symbols and other details.
