

Stories on Stone

Now available only from UNM Press, *Stories on Stone* introduces young readers to the rich history and mystery of rock art in the Southwest. As a youngster growing up in the American Southwest, Jennifer Dewey became fascinated with the images she saw carved in stone years before by the areas natives. For this book, Dewey has produced original color drawings that vividly recreate the images painted and carved into rocks centuries ago. Dewey explores who the original artists were and what their rock art meant, introducing young readers to the beauty and mystery of these images and stories on stone.
